

## Notice

Dated: 13 April 2026

No: AB-CSIR0HRDG(EX)/38/2025-Exam-HRDG-CSIR HQ

**Sub: Consultation from Stakeholders on the proposed revised syllabus for four disciplines of CSIR-UGC NET Examination**

The Joint CSIR-UGC NET Examination is conducted by NTA in CBT mode. The examination is generally held twice a year in five subjects.

Considering significant developments in various subject areas over the past decade, the need for an update was identified by the respective subject experts. Subsequently, the syllabus of the following four subjects has been revised by the committee members following multiple discussions and meetings held on subject matter.

1. Chemical Sciences ([Existing and Revised Syllabus](#))
2. Earth, Atmospheric, Ocean, and Planetary Sciences ([Existing and Revised Syllabus](#))
3. Mathematical Sciences ([Existing and Revised Syllabus](#))
4. Physical Sciences ([Existing and Revised Syllabus](#))

The revised syllabus is uploaded on the CSIR-HRDG website. The stakeholders are requested to fill the feedback form at given link ( <https://forms.gle/5oTd4wnxMAob8c5p9> ). The link will be live from 13 April 2026 to 14 May 2026. More than one feedback by the same person will not be entertained.
